Dear Mr. President.

I have been informed that Mr. Herbert Turney is applying for transfer to McGill University for next session. As you are aware Mr. Turney has been Editor of Torontonensis for 3 years and was also responsible for the photographic section of last year's Supplement.

You will remember that in our last conversation I mentioned that the Council had ground for complaint against Mr. Turney for his non-return of certain photographs entrusted to him. Mr. Turney has not yet made a satisfactory explanation and settlement concerning this and some other matters regarding his work for the Council and I think this should be done before he

leaves the University. If you agree with me I should be very glad if you will postpone Mr. Dorey's transfer until this is done.

As you are aware there have been many complaints both through your office and the Council Office due to the non-return of photographs. If Mr. Dorey would give us a full explanation of this we should be in a better position to deal with the matter but I am afraid that if he leaves the University we shall not be able to obtain such explanation.

I have had some correspondence with Dorey asking him to meet Grant and myself and definitely settle his obligations.

I am,

Yours very sincerely,

Sidney Childs.

Dear Mr. President

I wrote to you on Aug. 29th with reference to Mr. Robert Dorney's application for transfer to McGill University. I am glad to inform you that Mr. Dorney has settled his obligations to the Students' Council satisfactorily so that we now have no reasons for opposing his application.

Yours very sincerely.

Rev. Sidney Childs,

Toronto.

Dear Mr. Childs:

I have glanced through with great interest the new University Magazine Supplement for which I thank you. It seems to me to be very good, though I have not yet had time to go into it in detail. I am sure that it represents a great deal of work on the part of you and your co-workers but I hope that the results both in the way of appreciation and money returns will justify your labour. At the opening of the war we should not have expected that with so many away we would have been able to produce such a fine piece of work.

I am,

Yours sincerely,

President.
